

CSCI 3308 Project

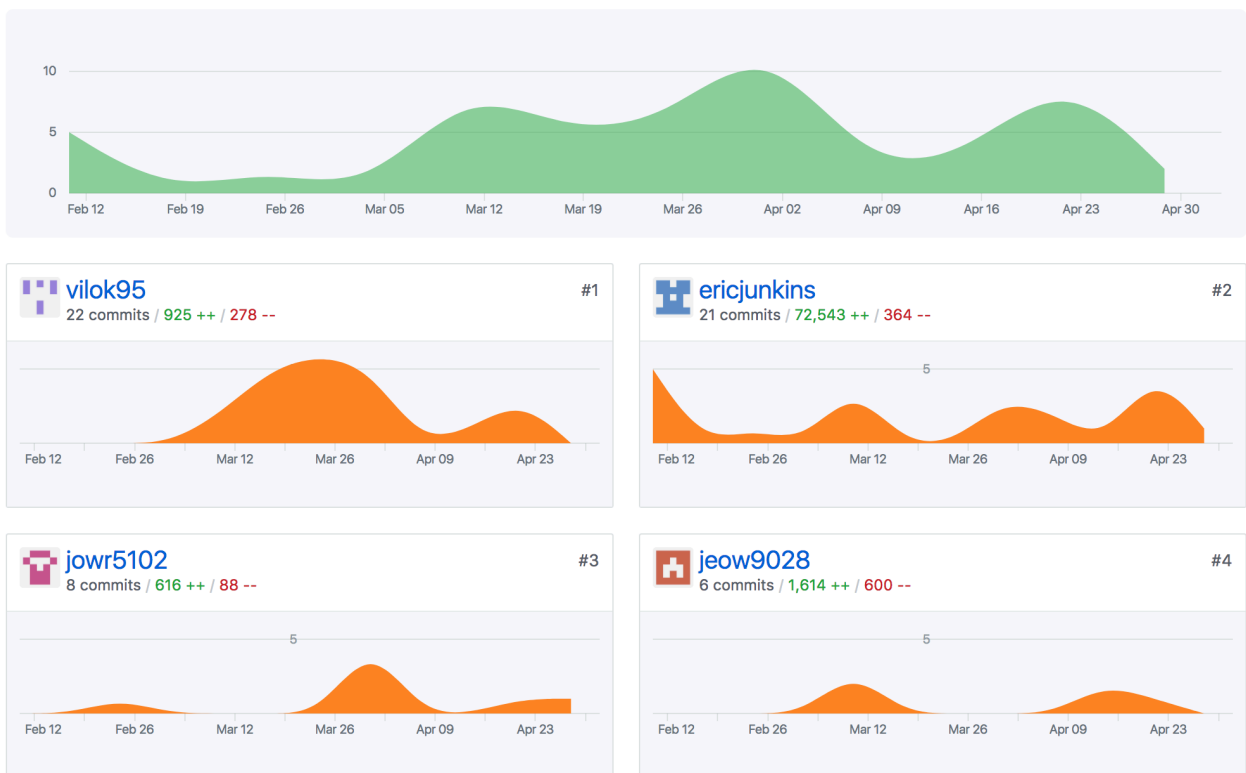

- Title: RC Car
- Names: Eric Junkins, Joseph Wroe, Jean-Cristophe Owens, Vilok Krishnan
- Project Tracker:

○ <https://trello.com/b/IXLelsbZ/3308-remote-control-device>

- VCS:

○ <https://github.com/ericjunkins/3308Project/tree/master>

- Deployment: For our project, we deployed our app onto an android device. To access/run, you open the code in Android Studio and then click run. If you have your android device plugged into your computer, you will get an option to push the app to your phone.
- Auto-doc:
 - We used JavaDoc as our auto-doc program
 - <https://github.com/ericjunkins/3308Project/tree/master/JavaDoc>
